KROONSTADT NEXT POINT OF ATTACK

Gen. Roberts Within Eight Short Miles of That Place.

TO RELIEVE MAFEKING

British Division Making Forced Marches to Assist Clayton-Powell at That Place.

BOERS MASSING TO RESIST

London, May 12—[Special Cablegram]—Gen. Roberts wired from Boschrand at nine o'clock today: "Am eight miles south of Kroonstedt. The enemy evacuated the first line of entrenchments during the night. We are now reconnoitering toward Kroonstadt."

London, May 12—[Special Cablegram]—The fall of Kroonstadt and the relief of Mafeking are two things all Englishmen now expect. It is believed that news from both to that effect will be received in a few days.

Roberts wires from Geneva Siding, fourteen miles south of Kroonstadt and six miles from Boschrand where the Boers are entrenched, "My headquarters are with Pole Carew's division. We marched twenty miles Friday."

Today the advance guard will probably come in touch with the Boer outposts at Kroonstadt and tonight or early tomorrow Roberts expects to attack the Boer's position in force.

While out foraging a troop of the Inniskillings were decoyed by a white flag floating from a farm house near Geneva. While off their saddles they were fired on from windows. Several were killed and sixteen wounded.

To Relelve Mafeking.

London, May 12—The most important war news comes today from Boer sources. A Pretoria cablegram announces the appearance of a British flying column, 3,000 strong, on the western border, moving northward by forced marches night and day.

The column is reported to have reached Vryburg on Wednesday, and as that place is only 100 miles south of Mafeking, the investment of the town may be raised in a day or two, or, at all events, by the 18th inst, to which date Gen. Roberts asked Colonel Baden-Powell to hold out.

Boers Menace Roberts' Flank

London, May 12—While General Roberts' army is advancing from Ventersburg toward Kroonstad, the Boers are again menacing his flank.

This is evident from General Roberts' statement, at first suppressed and then given out by the war office, that Smith-Dorrien's brigade was engaged for several hours Friday in protecting the rear flank of Hamilton's force, and also from press dispatches describing what is going on east of Thabanchu.

The Boers, being powerful, to prevent the advance of Roberts' army to Ventersburg and Kroonstad, are striving to capture convoys and break up his lines of communication in the rear, and are also returning to Thabanchu in the hope of overpowering General Rundle and making a dash for Bloemfontein.

No Boer Republics.

London, May 12—Mr. Chamberlain delivered at important address at Birmingham last night. In this, the first address which his constituents have heard from him since the outbreak of war, he announced definitely that the government was determined to put an end to the independence of the Boer republics. For an interval after the war they would be held as crown colonies, but he hoped that eventually they would be self governing.

God Will Be Merciful.

Cape Town, May 12—At the closing of the volksraad Monday, May 7, President Kruger cried out: "God of the volksraad! Shall this be the final act? No, it shall not. God will be merciful and strengthen the right. The president added that he had documentary proofs of a devilish conspiracy to annihilate the republics."

Democratic State Convention.

Milwaukee, May 12—Chairman Peck of the Democratic state central committee has engaged the Alhambra theater for the democratic state convention, June 12, which will elect delegates to the national convention at Kansas City. The convention will be called to order at 12 o'clock. The congressional district delegation will caucus separately for the choice of district delegates and alternates, and their nominations will be ratified by the state convention, which, acting as a whole, will name the delegates-at-large.

D. L. Cowdery Dead.

Elkhorn, May 12—Dyar L. Cowdery, county clerk of Walworth county died at his home in this city last night after an illness of several months. He was born in Arcadia, Wayne county, N. Y., Jan. 8, 1833 and came to this country in 1846.

TO MEET IN CLEVELAND NEXT

Locomotive Engineers Select Place—Chief Arthur May Retire

Milwaukee, Wis., May 12—At the session of the convention of the Brotherhood of Locomotive Engineers yesterday afternoon the committee selected Cleveland for the next meeting. A proposition was made to purchase a building already erected for $325,000 in Cleveland, O., and another to purchase a site and erect a new building to cost about $700,000 in Cleveland. There were a number of delegates who preferred Chicago for their headquarters, claiming that that city would be the center of railroad interests. Chief Engineer Arthur has been grand chief for thirty-six years, and some are in favor of his retirement.

IS RIDDLED WITH BULLETS

Mob Lynches a Man For Attempting to Assault a Woman

Hontonn, W. Va., May 12—[Special Telegram]—William Lee was lynched and riddled with bullets by a mob who took him from jail this morning. He attempted to assault Mrs. Diffenback, an operator on the Chesapeake railway, at Sand Stone.

CORBETT SAYS NO USE TALKING NOW

Would Like to Have Another Try at Jeffries—The Winner Says It Was a Hard Fight.

Coney Island, May 12—"What is the use of talking now," said Corbett when seen this morning. "I lost and although I don't know how it happened, I guess it was all right. I fought my best and felt good until the punch came that ended my aspirations for the time being, but I think that I proved myself not altogether a dead one. If my friends were satisfied with my showing I have no kick to make, but would like to have another chance if Mr. Jeffries will accord me the privilege, which I think nearly every one who saw the fight will say is due me. I am still in the game and will stick there until I reach the pinnacle of my ambition, or am whipped conclusively."

Jeffries was very reticent. He said: "Corbett gave me the best fight of my career and was really a surprise. I thought I should have whipped him sooner and I think that I would have, had my left arm not given out early in the fight. The result I at no time felt doubtful of, for I knew I would eventually land the blow that I had been looking for all along. Corbett was really a revelation to me, and I did not look for such a battle from him. Jim made a game fight, and I have no wish to detract in the least from his credit, but I am still the champion, and will go along the line until I trim them all."

MR. SPOONER WILL NOMINATE M'KINLEY

Wisconsin Senator Selected For That Task at Philadelphia—Roosevelt and Others Will Second It

Washington, May 12—[Special Telegram]—Senator Spooner of Wisconsin has been selected, it is now said, to deliver the nominating speech for McKinley at Philadelphia. The seconding will be done by Governor Roosevelt and others. Foraker will make the preliminary draft of the platform.

The special committee on the St. Louis world's fair finished consideration of the bill making an unconditional appropriation of five million dollars. A committee has been appointed to consider the safe guards surrounding the same.

TRAINS COLLIDED IN A TUNNEL

Engineer and Fireman and Five Tramps Killed—Fire Raging in the Tunnel.

Philadelphia, May 12—[Special Telegram]—The Baltimore and Ohio fast freight at midnight collided with a shifting train at Fairmount tunnel. Engineer George Laub of the shifting engine and Fireman Hinchman were killed together with five tramps stealing a ride.

Two tank cars exploded setting fire to the debris and the tunnel is now a seething furnace four blocks long, which the Firemen are unable to reach. The tower man is alleged to be responsible by sleeping. He is missing and it is believed he jumped into the river.

Open American Pavilion

Paris, May 12—[Special Cablegram]—The formal opening of the national American pavilion took place at the exposition today. Speeches were made by Peck and Picquard, the American and French commissioners.

George R. South Dead

Monroe, Wis., May 12—[Special]—George R. Sonth for many years editor of the Monroe Sun died this morning. He was born March 23, 1841, and was an early settler with a wide acquaintance in southern Wisconsin.

NAMES H. C. PAYNE FOR SECOND PLACE

GOV. SCOFIELD URGES CLAIMS OF THE BADGER LEADER.

Likens Him to the Late Vice President Garrett A. Hobart—Wisconsin's Executive Believes, Moreover, That Middle West Should Have the Vice President.

Madison, Wis., May 12—Gov. Scofield, who has been talked of considerably as a possible candidate for the vice presidency, in an interview yesterday not only states that he is not a candidate but strongly indorses Henry C. Payne of Milwaukee, Wisconsin's representative on the republican national committee, as the right man to be President McKinley's running mate, Governor Scofield says:

West Entitled to It.

"I believe that the west is entitled to the vice presidency and that is where it will go eventually, in spite of the present talk about the claims of the east. There are several reasons why it should go to the Mississippi Valley. The great mass of the republican party live in the territory west of Ohio, and it will give a more cordial support to a man from that locality than it would to a man from the east.

"At the same time the east cannot be ignored, and some man should be chosen who would have strength in the east. I believe Wisconsin has the most available man who could be found in the person of Henry C. Payne, who has long been recognized as the head of the republican party in our state.

Has a National Reputation.

"Mr. Payne is a man of national reputation and his strength is not confined to Wisconsin nor to the surrounding states. He is strong alike in the East and in the West. His long service and work on the republican national committee has given him a reputation that extends from one end of the country to the other. He has shown political sagacity equalled by few men in the country, and more than that, he has shown the qualities of a statesman.

"He would be a second Hobart. The late vice president was recognized as one of the best vice presidents the country has ever had, and Mr. Payne's training has been along the same lines. Mr. Hobart's strength was largely due to the education he received in many years' service on the national committee.

In This Critical Period

"In this very critical period of the nation's history, when we are called upon to solve problems that never before presented themselves, and when a misstep might be of the most serious consequence to the country, it is needful that conservative, careful men be chosen for the high places

"Mr. Payne has been before the people of Wisconsin for a quarter of a century, and they have at last come to realize that he is big enough for any place.

"I firmly believe that it would be impossible to find anywhere, either in the east or west, a stronger, better, or safer man than Mr. Payne for a running mate for President McKinley in the coming campaign."

SENATOR BUTLER IS AGAIN CHAIRMAN

Populist National Committee Organizes at Sioux Falls by Election of Officers.

Sioux Falls, S. D., May 12—The National committee of the populists was in session here almost all day yesterday. The fight between Pettigrew and Allen was renewed, the former winning by the election of Senator Butler of North Carolina, as chairman of the national committee. The other officers are:

Vice chairman—J. H. Edminston, Nebraska.

Secretary—J. A. Egarton, Colorado.

Treasurer—W. D. Washburn, Massachusetts.

When the committee met Senator Butler took the floor in his own behalf, and begged the committee to elect him chairman. The debate lasted over two hours.

The committee also decided to send 5,000 populists to Kansas City to work for Towne's indorsement.

The executive committee is as follows: General J. B. Weaver Iowa; Senator Allen, Nebraska; J. W. Breidenthal Kansas; Eugene Smith Chicago; E. V. Way, Arizona; T. Tracy Texas; Robert Schilling Wisconsin; Major Bowler Minnesota; Dr. C. T. Taylor Pennsylvania.

Chairman Butler will make his headquarters in Washington during the campaign.

Towne Talks of Nomination.

Duluth, Minn., May 12—Charles A. Towne says of his nomination for the vice presidency by the Sioux Falls convention; "My nomination is a high compliment and I deeply appreciate it. Moreover, it sets an example of unselfishness at this juncture that ought not to be without good influence, as neither Mr. Bryan nor myself belong to the populist party."

Whitewater Normal Won.

Milwaukee, May 12—By a vote of 2 to 1, the judges in the Milwaukee-Whitewater Normal school debate gave the verdict to Whiterwater, whose champions took the negative side of the proposition: "Resolved, That our policy in the Philippines has been and is best and wise."

FIRST HEARING OF THE TAX COMMISSION

LARGE ATTENDANCE EXPECTED AT MADISON NEXT WEEK.

Question of Railway Taxation to be Presented to State Commission in a Manner Likely to Bring Out Advantages and Defects of Existing System.

Madison, Wis., May 12—It looks now as if there would be a large attendance of railroad men as well as members of the legislature and others interested in the subject, at the hearing to be given to the railroads by the State Tax commission in the senate chamber next week.

The hearing will begin at half-past 2 on Tuesday afternoon and will be continued from day to day for the remainder of the week, or until the subject is disposed of. The members of the State Tax commission say they ask for this hearing in order to get information and suggestions to aid them in preparing recommendations to the next legislature as to railway taxation.

Judging from the character of the question outlined by the commission it is the purpose of the commission to go to the bottom of the subject of railway taxation so far at least as it is related to the system of taxation now in existence in the state.

To Get at Bottom Facts.

Whatever shall be the outcome of the hearing it seems apparent that it is the intention of the commission to get at the bottom facts and reach just conclusions upon the subject of railway taxation. And as this hearing is said to be only the beginning of a series of hearings which will be given to other corporate interests which are taxed under the license fee system, it would seem that the Tax commission is likely to have some interesting information as well as some important recommendations to make to the next legislature.

A Public Hearing.

The members of the commission explain that the hearing is made public for the reason that it is believed there are a great many members of the legislature who would like to attend and a great many people who have not taken any part in the discussion of the problem of taxation who yet are deeply interested in its right solution.

Judge Gilson, who will preside at the hearing, was not prepared to say just what rules would govern the discussion of the subject, but it seems likely that the discussion will take pretty broad scope and so far as time will permit all who are directly interested will be heard either by brief or oral discussion.

LODGE ASKS FOR A LARGER NAVY

Declares the Safety of the United States Depends on Many More War ships.

Washington, D. C., May 12—Senator Lodge made a sensational speech in the senate yesterday afternoon, in which he practically gave Germany warning that it would be useless to negotiate for the Danish West Indies. Coming from a conservative man like Senator Lodge the speech made a profound impression.

While Mr. Lodge did not mention the German government, his allusions to that country were so pointed that everyone knew his meaning. The real reason for the speech was Senator Lodge's desire to see this government strengthen its navy and hasten to the acquisition of the Danish West Indies.

It was also to warn Germany, as well as all Europe, that the United States would maintain the Monroe doctrine at all hazards, and notice to the people of this country that the day may come when this government will have to fight to maintain that doctrine. Germany has been anxious to acquire the Danish West Indies, and it is said has offered to exchange the province of Schleswig-Holstein for them. Mr. Lodge said:

"My reasons for desiring more ships, and desiring them quickly, is my belief that the safety of the United States depends upon the strength of our navy. We do not need the navy for the protection of our insular possessions. The danger lies in our own great coast line and in the defense of the Monroe doctrine in this hemisphere. Our Atlantic coast is studded with cities from the gulf to northern Maine. For the defense of this great coast line and these great cities we have no adequate fleet. We are about to enter upon the construction of an isthmian canal. Whether it will be better to fortify that canal, to defend it, to hold it open for our commerce and for the commerce of the world, even though it be against an enemy's fleet, we must be the naval masters of the Caribbean sea. We must have a far more powerful fleet than we have today. The safety of the canal depends upon our fleet. All admit that the canal ought to be built, and the time is near when the work will be begun. If we are to protect the canal as well as our own coast we must have a navy proportionately strong.

"I hope and believe that we shall have no war, but a great fleet is the greatest insurance of peace. We could never allow the Danish islands to pass into any other hands than ours. The European nation which should undertake to take possession of those islands right on the road to the canal and to make of them great naval stations would by that very act become an enemy of ours. We could submit to no such thing as that. The Monroe doctrine is a great protection to the United States. Men of all parties—democrats, republicans and populists—without distinction, adhere to that. I am by no means sure that some European nation (perhaps one whose navy is now receiving such rapid increase) may not test the Monroe doctrine."

THRILLING FIGHT FOR A GIRL

William C. McNamara Central Figure in a Nebraska Sensation

Sioux City, Iowa, May 12—William C. McNamara, resident of the Eastern Nebraska & Gulf railway, and wealthy, whose wife secured a divorce from him Tuesday last, has caused a thrilling drama to be enacted in Dakota county, Nebraska, across the Missouri river, in trying to marry the co respondent of the divorce case, Miss Mary McAllister, a beautiful woman, daughter of J. J. McAllister, a prominent lawyer.

McAllister threatened to kill him when he went to the house after his bride, and when he returned later Joseph Berry, suitor for the hand of Miss McAllister stopped him with threats to kill him with a shotgun. McNamara swore out warrants for the arrest of McAllister and Berry, intending to get the girl while the father and lover were under arrest. The girl, however, was spirited away to a neighbor's.

Today when McAllister and Berry were arraingned McNamara sprung a surprise by demanding a writ of habeas corpus for the person of the girl, declaring that she was imprisoned against her wishes by her parents. The girl cannot be found, however, as she has been taken from her first place of hiding to another, which is unknown.

SCATTER FILIPINOS IN ALL DIRECTIONS

HARD FOUGHT ENGAGEMENT NEAR SAN JACITO MONDAY.

Rebels Burn and Sack the Town of Tocin—Senor Buencamino Becomes Reconciled to American Rule and Will Endeavor to Bring Aguinaldo Into Line.

Manila, May 12—A force of 600 insurgents attacked 25 scouts of the Forty-eighth Regiment, near San Jacinto, Province of Pangasinan on Monday, but were routed by the scouts, ten of their number being killed. The Americans lost two killed.

On April 26 the rebels burned and sacked the town of Tocin near Bulan, murdering natives who were friendly to the Americans and two Spaniards. The Americans killed thirty-seven of the insurgents.

On the same date Major Andrews with two companies of troops, attacked Gen. eral Mojicas' stronghold near Ormoc, Leyte Island. Mojicas had brass cannon and plenty of ammunition, but after three hours' fighting the insurgents fled. Their loss is not known. The Americans lost two killed and eleven wounded. They destroyed the enemy's rifles, powder and stores.

Manila, May 12—The insurgents have suffered a heavy loss at Tabako near Legaspi, Province of Albay, Luzon. Two hundred riflemen and eight hundred bolomen were preparing to attack the town, and Captain Lester H. Simons with a company of the Forty-seventh volunteer regiment, advanced to meet them and killed many.

ONE FILIPINO IS FOR PEACE.

Senor Buencamino Counsels Submission to American Control.

Manila, May 12—Senor Buencamino, at one time a member of the so-called Filipino republican cabinet, who was recently liberated by General Otis, announces that he has become reconciled to American sovereignty and that he will devote his influence to bring about peace. He has sent a proposed peace platform for the national Filipino party to the insurgent leaders in Manila and to the insurgent generals, including Aguinaldo, in the field.

This platform declares that it is impossible for the Filipinos to exist as a nation without the protection of the United States, and that, consequently they must recognize American sovereignty and strive to attain, under a constitution, the utmost liberty possible.

Continuing, Senor Buencamino argues that the Filipinos are incapable of self-government. He says:

"In our independent government the most predominant notes were abuses and immoralities, the offspring of ignorance and the inherited vices of Spain, by which the Filipino regime was rendered odius to our people."

Therefore, he contends, American control is necessary to prevent civil strife.

WANTS TO BE HANGED

Chicago Man Admits That He Murdered a Man and Asks Extreme Penalty.

Chicago, Ill., May 12—Lawrence E. Walsh created a sensation yesterday afternoon when he was arraigned before Judge Baker for the murder of Robert W. Gilchrist, March 21.

"I am guilty," he said, "and want to be punished. I want the extreme sentence."

"Do you know what you ask?" said the court.

"I do," replied Walsh. "I want to be hanged."

It is the presumption of court and jail officials that the man is insane. He quarreled with Gilchrist one Sunday morning on West Twenty second street, and fired six shots at him. Gilchrist died instantly

ONLY this evening left to get $5.00 shoes for $4.00 and $4.00 for $3.50. Don't miss it. Brown Bros.

BIG STRIKE IS ON IN KANSAS CITY

Union Street Car Men Want to Enforce Their Demands.

CARS RUN AS USUAL

Bloodshed and Rioting Prevailed in St. Louis Yesterday and Last Night.

MORE TROUBLE IS EXPECTED

Kansas City, May 12—[Special Telegram]—After an all night session the union employes of the Metropolitan street railway system decided to strike to enforce their demands. Early cars failed to materialize, but by nine thirty o'clock almost the regular schedule of time was maintained on all the lines. The men are not discouraged and say they will use persuasion in a day or two. The company claims it is prepared for emergencies.

The strike embraces also the Kansas City across the river. Union men claim about 800 of the Metropolitan employes belong to their union, and that they have many sympathizers among the others. The company claims that but 350 of their employes are members of the union.

Two Views of the Strike.

Harry Bryan, national organizer, said today:

"We wanted to avoid a strike if possible, but the boys are in good shape to carry on a strike. The demands we make are all practicable. We ask 19 cents an hour for men who have worked less than a year and 20 cents afterward. With ten hours' work that does not make big wages. The demand that the men work ten hours, and that they do it all in twelve hours, is to do away with the company keeping the men around their headquarters so many hours idle."

President Holmes said today: "I have been assured of ample police protection.

"We have a large number of men in our employ who have been with my brother and myself for fifteen or twenty years, not one of whom has made any complaint and many have given me their personal assurance of their satisfaction with the treatment they have received and pledged themselves to stand by the company at this time. There is no reason why the Amalgamated Association of Street Railway Employes should dictate to this company. The Metropolitan company nows pays its men a graded scale from 15 to 20 cents an hour. The increase made in April meant an average raise of 12 per cent. to the men."

St. Louis Strike Unchanged.

St. Louis, May 12—[Special Telegram]—The Transit Company announce that cars running on six lines have police protection. Obstructions were found this morning on the tracks, but otherwise the situation is unchanged.

A number of prominent business men met with the labor leaders this morning to consider plans for settling the troubles. W. H. Woodward, a large employer, submitted modification on the demands of the strikers which accepts the scale of wages proposed by the company, fixes the hours the same as agreed upon in March; none to be discharged for unionism, and reinstatement and settlement of all grievences by arbitration. The allied labor trades will have a secret meeting Sunday to outline the plan of battle for unionism. Four union strikers were arrested today for carrying weapons.

St. Louis, Mo., May 12.—Pandemonium reigns here. Mobs assaulted police and non-union train crews. In turn they were beaten, battered and fired upon, scattered by mounted policemen with leaping horses, vicious sabers, but only to swarm again at another point and renew the rain of stones and bricks at street cars and their operators. The attacks of the officers on the unruly mobs has resulted in placing ten strike sympathizers in the hospital. Two of these had been slashed in the face by sabers, two trampled underfoot by the horses of patrolmen and six stunned by the blows from policemen's clubs. Two serious riots occurrred on the St. Louis Transit company's Bellefontaine division. A determined mob threw a volley of stones at a car and overpowered the police guard. Chief Road Officer Will Minary, who was acting as conductor, was dragged from the platform and severely beaten before he could be rescued by the police. It required re-enforcements to disperse the mob. Minary is at his home in a serious condition.

WON'T INTERFERE WITH BALL GAME

RESOLUTION PASSED MERELY OUT OF RESPECT.

G. A. R. Members Admit That There is No Way For Them to Stop the Great Wisconsin-Beloit Game to be Played Here Memorial Day—Committee Appointed.

At a meeting of W. H. Sargent Post No. 20, G. A. R. held last evening the following resolutions were passed:

WHEREAS, It has come to the knowledge of this Post that Memorial day is to be desecrated by a game of base ball by clubs representing the University of Wisconsin and Beloit College; therefore, be it

Resolved, By W. H. Sargent Post No. 20, G. A. R., that we regard this as a desecration of this day and a slander upon the memory of the dead, and that we protest against such use of this day, and that copies of this resolution be sent to the city papers and to the presidents of the University of Wisconsin and Beloit College.

A local prominent member of the G. A. R. Post said today: "I don't suppose these resolutions will have any effect on stopping the ball game or of keeping a large crowd from attending, but it was our only way out of it. We simply had to take the course we did."

Commander E. O. Kimberley announced the appointment of the following committees for Memorial day:

Family Woe Leads to Murder.

Sparta, Wis., May 12.—Elmer Benjamin, aged 20, shot and killed Mrs. Emma Priest, aged 38, a widow. Benjamin accused Mrs. Priest of alienating the affections of his father from his family, consisting of a wife, two daughters and himself. The slayer gave himself up. Mrs. Priest leaves a daughter 15 years old.

TOBACCO PRICES KEEP UNCHANGED

A Little Business is Continually Being Done—Gathering in Last of the '99 Crop

Nothing has developed during the week to vary the conditions that have prevailed for some time past. A little business is continually being done gathering in the remnants of the '99 crop though the crops remaining unsold are widely scattered and of uncertain quality. Prices continue about as previously quoted says the Wisconsin Tobacco Reporter.

S. B. Heddles has started the sales of the new crop by purchasing 329cs of the packing of E. C. Hopkins and 200cs put up by R. W. Davis at Sun Prairie.

Old leaf is moving moderately. L. B. Carle & Son sold a 50cs lot of '98 to a St. Louis jobber during the week. C. L. Culton's sales reach a trifle above 200cs since last report.

The weather since last report has been much too cold for the plant beds to make rapid progress but a retarded growth is desired on the most forward beds. No injury from frosts have been reported.

The shipments out of storage reach 22 car loads, 1005 cases, for the week from this station to all points. Since last report 630cs of cigar leaf were exported from New York.

ASSESS ON FULL VALUE BASIS

Beloit Assessors Will Comply With the New Law.

Beloit, Wis., May 12—The Beloit city assessors held a meeting yesterday afternoon and decided to assess this year on the full value basis in accordance with the new state law. This action is taken in the face of the fact that the assessors for the city of Janesville have decided to ignore the law and assess as in the past on a 40 or 50 per cent. basis. It is thought by the Beloit assessors best to comply with the law and trust to the County board to equalize the assessment of the county. Property owners are much concerned over the new proposition.

Frolics of Milwaukee Carnival.

The closing day of the Milwaukee Carnival, June 29, will be the day of fun and frolic. In the afternoon the "Funnyman's Parade" will be a feature to attract thousands of people and create merriment without bounds. The carnival day parade of a year ago was funny, but it will sink into insignificance in comparison with the ludicrous features that will be introduced this year by the various clubs that are arranging to participate. The costume ball at the Exposition in the evening will be a fitting climax to the festivities of the week and set another high mark for other carnivals the country over to try to approach.

Dewey Visits the Hermitage.

Nashville, May 11.—Admiral and Mrs. Dewey spent the morning at the Hermitage, the old home of President Andrew Jackson, twelve miles from the city, as the guests of the Ladies' Hermitage Association. While at the Hermitage Admiral and Mrs. Dewey were entertained at luncheon by the association. The party returned to the city early in the afternoon. Last night there was a public reception to Admiral and Mrs. Dewey, and later a grand banquet was given. This proved one of the most notable affairs of the kind given in this city for many years.

Accused of Beham's Murder.

Beardstown, Ill., May 12.—Mrs. Mary Shores was arrested here charged with the murder of William Beham, which took place in Calhoun county about five years ago. Mrs. Shores disappeared shortly after the murder. The complaint against her was made by John Gerry, who claims she confessed to him.

Sluggish Blood

The blood should not creep lazily through the veins. It should run swiftly, carrying life and health to every organ. Indigestion, constipation, dyspepsia and nervousness, invariably accompany poor circulation. Purify and invigorate the blood with Hostetter's Stomach Bitters and these diseases will disappear. The Bitters also prevents malaria, fever and ague, and cures all ailments of the stomach. See that a PRIVATE REVENUE STAMP covers the neck of the bottle.

The Truth

about women's ills can be frankly told by one woman to another.

Remember that Mrs. Pinkham is a woman. Remember that her advice and medicine have cured a million women of weaknesses peculiar to their sex.

Remember that no man ever sees a letter written to Mrs. Pinkham for advice, that the letter is opened, read and answered by women, and no testimonial ever published without special permission.

Remember that Lydia E. Pinkham's Vegetable Compound is the recognized safeguard of woman's health.

Remember these things when some other remedy is suggested, and remember them when you want advice. Mrs. Pinkham's address is Lynn, Mass.

VISITORS PRAISE THE LOCAL SCHOOLS

Delegation From Fond du Lac Were Here Yesterday—Will Copy After Manual Training Department.

From Fond du Lac yesterday a delegation of city officials and members of the school board spent the day in Janesville inspecting the public schools. The party included Alderman F. E. Schoefel, Charles Froehling, R. J, Bloedel, J. B. Bechand, School Commissioner R. Katz and Superintendent of Schools L. A. Williams. There included for the most part the High school and in particular the manual training department.

In speaking of the result of the inspection Supt. Williams said: "In my estimation Janesville today has one of the most model high school building in the west. It seems to lack nothing. The main purpose of our trip here was to inspect the manual training department and we expect to make this work a specialty in the Fond du Lac high school. Supt. Mayne is a most competent man and on all sides could we plainly see the results of his untiring efforts."

Indictment for Mrs. Craven.

San Francisco, Cal., May 12.—The Examiner says: 'Mrs. Nettie R. Craven has been indicted by the grand jury on a charge of felony—namely, perjury, for her testimony given before that body in relation to her claim for a widow's share of the James G. Fair estate. George W. Simpton, who swore that he married Fair and Mrs. Craven, has been also indicted for perjury, and Adolph Sylva has been indicted for subornation of perjury."

Wildest Gold Vein in the World.

Colorado Springs, Col., May 12.—A director of the Portland Gold Mining company has given out the statement that the recent noticeable advance in the price of shares of that company was due to the fact that at the 700-foot level a vein has been opened up that is fifty-seven feet wide. This, so far as known, is the largest vein, all mineral, ever opened up in any mine in any county.

Orders Out Virginia Troops.

Richmond, Va., May 12.—At midnight Gov. Tyler ordered the Piedmont rifles at Martinsville to report to the sheriff of Henry county to protect a negro charged with assault from threatened lynching. The governor also ordered the Roanoke rifles under arms and instructed the sheriff to provide transportation and order them if wanted.

Smuggle Wool at Boston.

Boston, Mass., May 12.—Special treasury agents, under the direction of Agent Converse J. Smith of this city, have just unearthed a customs swindling scheme, and as a result of investigations 100 sacks of wool, valued at $6,000 have been seized in this city, Lawrence, Mass., and Bristol, R. I. It is estimated that $50,000 worth of wool has been smuggled through the port of Boston during the past year.

CANAL COMMISSION HEARD.

Waterway Reported to Be Entirely Practicable.

Washington, May 12.—The entire membership of the interoceanic canal commission appeared before the senate committee in charge of the Hepburn bill. As to the Nicaragua route the commission reiterated what the Walker commission has reported—that the waterway is entirely practicable from an engineering standpoint at about the same range of estimates heretofore made—from $118,000,000 to $140,000,000. Since these estimates were made, however, the commission has determined upon larger locks, and this may increase the figures somewhat. Concerning the Panama route, the members of the commission expressed hesitancy about giving definite opinions, as they have not the same amount of information on the other.

House Breaks Pension Records.

Washington, D. C., May 12.—The house broke all records on private pensions Friday by passing 180 of these bills. Among them was the senate bill to pension the widow of the late Gen. Guy V. Henry at the rate of $100 per month. This amount was reduced by the house to $50. While bills were being considered Gov. Roosevelt, of New York, who had called upon the speaker in his private room prior to the convening of the house, came into the hall. He was greeted and held quite a levee in the Republican cloakroom.

Roosevelt at the White House.

Washington, D. C., May 12.—President and Mrs. McKinley gave a dinner at the white house in honor of Gov. and Mrs. Roosevelt.

TO WELCOME GEN. OTIS.

President Invited, but Questions Propriety of Going.

Washington, Maq 12.—Representative O'Grady introduced to the president yesterday a number of prominent citizens of Rochester, N. Y., who came to invite him to a reception and banquet to be given to General Otis on his return from the Philippines June 15. The president spoke of General Otis in terms of high praise, and said he would esteem it a privilege to join in doing him honor. He questioned, however, the propriety of his doing so. No one, in his judgment, should be present who, by reason of his superior rank, would necessarily share the honors which were intended for General Otis alone. He would, however, talk the matter over with Secretary Root, and in any event the regular army would be represented by such troops as were available.

JEFFRIES THE VICTOR.

Knocks Out Corbett in the Twenty-Third Round.

New York, May 12.—In the fastest, prettiest and closest heavy-weight ring battle ever fought in New York James J. Jeffries has reaffirmed his right to the championship. In the arena of the Seaside Sporting club he decisively defeated Jim Corbett, once champion of the world himself, after twenty-two rounds of scientific fighting. It was a clean knockout that came so quickly that it dazed the thousands of keen, alert, intent spectators and left them in doubt as to just how the winning blow was delivered. There is credit for the victor and credit for the vanquished in this cleverest of ring battles. Jeffries must be awarded the laurels of victory, yet his opponent is entitled to all honor for his most wonderful fight. That feature of the contest stands out in relief as the most striking one of the battle. The contest was a Spanish bull fight, with the champion as the bull and Corbett as the tantalizing, tormenting toreador. Corbett would advance threateningly, and as soon as the hairy hercules charged him would run like a deer. By the time the maddened bull would realize where he was being led Corbett was at him again, waving a red flag in his face, tormenting him with taps, baiting him with stabs and always keeping before him that contemptuous leer that made the bull shake his head and start to bellow. The toreador had a big arena and barricade to dodge behind. Corbett had nothing, but for round after round he kept clear of those rushes and lunges, dodging them when he could not run, closing in when he could not even dodge, and, for the most part, escaping clean and whole.

Because It's For One Thing Only, and Janesville is Learning This.

Nothing can be good for everything.

Doing one thing well brings success,

Doan's Kidney Pills do one thing only

They're for sick kidneys.

They cure every kidney backache,

Here is Janesville evidence to prove it:

Mrs. S. L. Belden, of 64 S. River St., says: "During two or three years I suffered most of the time with a terrible dragging down pain in my back just over the kidneys. It was very trying when I was at work, and if I did any lifting my bladder became effected, causing me considerable annoyance. I also had attacks of headaches, which seemed like congestion in the top and back of my head. When I read about Doan's Kidney Pills I did not have any too much confidence in them, but my daughter got a box at the People's Drug Co's. store and persuaded me to use them. They took right hold and made a wonderful change in my condition. I hardly realized how bad I was until Doan's Kidney Pills brought me relief from the afflictions'

Shapely Married Women

Every woman covets a shapely, pretty figure, and many of them deplore the loss of their girlish forms after marriage. The bearing of children is very destructive to the mother's shapeliness. This can be avoided, however, by the use of MOTHER'S FRIEND before baby comes, as this scientific liniment prepares the body for the strain upon it, and preserves the symmetry of form. MOTHER'S FRIEND also obviates all the danger of child-birth, and carries the expectant mother safely through this critical period without pain. It is woman's greatest blessing, and thousands gratefully tell of the great good it has done them. Sold by all druggists at $1.00 per bottle.

Our little book, telling all about this great remedy, will be sent free to any address by THE BRADFIELD REGULATOR COMPANY, Atlanta, Georgia.

THE PROSPEROUS WEST.

The "oil d west" is also "the enemy's country" these days, and Colonel Bryan's free silver arguments do not meet with the glad acclaim that was once accorded them. The people are prosperous and happy. They have learned that wise Republican policies will bring prosperity without the aid of forty cent dollars.

Bank deposits are a sure business barometer. People do not bank their money unless they earn more than it is necessary for them to spend. The bank deposit barometer tells a pleasing story in the states of Washington, Oregon, California, Idaho, Utah and Nevada these days. During the past five years the deposits have increased by $74,000,000, and the deposits last year averaged nearly $100 per capita. The following figures, ta en from the reports of the Comptroller of the Currency show increases in the states mentioned:

	July 13, 1894.	June 30, 1899.
National,	$24,809,718	$62,035,965
State and private	29,409,404	49,872,814
Loan and trust	2,801,600	7,403,505
Savings	104,645,639	125,999,910
Total	$161,451,170	$235,402,194

The people of the west are not looking for a "change" this year. They have "change" in plenty and they know a good thing when they see it.

Delavan Enterprise—Congressman Cooper scored on important victory over the senate in having passed an amendment to the Foraker civil government bill that puts a quietus on certain monopolis that had arranged to get possession of all the valuable franchise of Porto Rico. Mr. Cooper has earned the lasting gratitude of the Islanders as well as the praise of all fair minded men in this country.

Delevan Enterprise—The public is becoming deeply interested in the candidacy of Hon. J. M. Whitehead for governor, and the more they learn of his splendid abilities and unsullied character the more they like him. To one located on the margin of the field, it looks as if he would be enthusiastically nominated, and of course elected by an overwhelming majority.

Madison Journal—The Inter-Ocean on Tuesday had a two column eulogy of John M. Whitehead for governor. The Janesville man's friends in the First district are working like beave's for him, and if elected Mr. Whitehead's name will live in Wisconsin history as that of an unusual man.

The attention of Milwaukee people who wish to avoid the newspaper war now raging in that city, is called to the fact that this excellent family journal can be delivered to them regularly at the standard price—$6 per year, and we pay the freight

The arrangement is a good one, for when Mr. Bryan retires to the fastness of the Salt river territory, he will not become lonesome if he takes a Towne with him.

Madison is settir g a good example for other cities in the matter of good roads and good streets. Janesville should follow the Capital City's lead. No better investment could be made.

The Populists are in favor of public ownership of "coal mines, etc."—the "etc," doubtless being intended to cover a multitude of sins.

While none of the Milwaukee papers have put on a new dress, several of them have new spring suits.

But the other fellows eventually succeeded in unhinging the Hon. Mr. Gates.

Of course you knew, in advance, which round it would occur in.

Gubernatorial Candidate Yates of Illinois, was not the leading candidate in the voting, but was nominated, it will be noted, because he was the one man upon which all the factions could agree.

And when Dewey read about it, he wept.

Be good, and you will be happy.

A DEMOUNTABLE CANNON.

New Type of Weapon Adopted by the Kongo Free State.

The great steel works of the Belgian Cockerill society at Seraing have recently supplied the Kongo State with a new, light type of cannon which may easily be transported either by men or animals, says the New York Sun. It is so light that it may be carried on a wagon or in a small boat. A single man can haul it, and two men at the rope can keep up with a column of infantry.

Wheel vehicles cannot be used in many parts of the Kongo State owing to the absence of roads, but the cannon may be taken on the backs of men along the narrow path, three porters carrying the gun, two the wheels and four others the remaining parts and equipment. Thus nine men may carry the gun and its carriage. As for the ammunition, the shells with which the cannon is supplied are boxed up by tens in aluminium cases, each case being a load for a man. The three porters who carry the gun have a big leather case to put it in, and the other parts are inclosed in tarred cloth.

When it is desired to carry the gun on the backs of horses or mules, three animals are necessary, the first to carry the cannon, the second the gun carriage without the wheels and the third the wheels and the boxed munitions. Three or four minutes is all the time needed to mount or unmount the cannon and prepare it for transportation.

The cannon has a caliber of about two inches and is made of one piece of steel, while every part of the gun carriage is of forged or cast steel. The cartridges are ordinary shells, and the black powder or cordite may be used. A considerable number of these weapons are to be supplied to the Kongo State army. The gun is regarded as a very substantial, light and simple weapon. The tests have been most satisfactory, and it is thought the gun may have a great future not only in countries where roads and transport animals do not exist, but even in the mountainous regions of Europe.

New Typewriter For Shorthand.

Although typewriters for shorthand have been patented, the drawback has been that they wrote upon narrow paper, like a printing telegraph. A stenotyper, invented in Germany, employs a roll of paper equal in width to an ordinary shorthand notebook, says the Chicago Tribune. The operator has six keys to tap upon as against 30 or more on an ordinary typewriter. To read stenotype the eye must become acquainted to a new style of type based somewhat upon the Morse alphabet in telegraphy, as it consists of a combination of dots and dashes. The marks of the six keys, which can be tapped simultaneously, can be combined in 63 different ways, producing an alphabet of 63 letters.

Thinks Cuba Should Pay.

Washington, May 12.—Considerable difference of opinion prevails here in regard to the liability of the United States government for the damages sustained by the Cuba Submarine Telegraph company during the Spanish-American war. The company has presented a claim for damages, and the president has sent a message to congress setting the matter before that body. In the opinion of one of the high officials of the government, Cuba and not the United States is directly responsible or liable for any losses sustained, as the company is a Cuban institution, and if any recompense is made, he holds that Cuba should defray the same. The damages arose from the cutting of the cables by the American forces as a war-time precaution.

Rioting at Valencia

Madrid, May 12.—Yesterday passed off peacefully practically everywhere throughout Spain despite the universal character of the anti-taxation agitation. The only noteworthy disturbance took place at Valencia, where rioting occurred and barricades were erected in the streets; from behind which the mob stoned the gendarmes. On the latter endeavoring to dislodge the rioters they were received with rifle shots and two policemen were injured. The gendarmes replied with a fusillade, before which the mob fled.

Kills a Boer Prisoner.

London, May 12.—The Express' St. Helena correspondent, under date of May 10, says:

"Tuesday one of the Boer prisoners at Deadwood camp was instantly killed An inquiry is being held."

WAR ON FOREST WORMS.

Scholars In Central New York Helping to Save the Trees.

A Syracuse dispatch to the New York World states that in all the villages throughout central New York flocks of school children go about daily examining the trees. They break off and make bonfires of the tender twigs of fruit trees in gardens and orchards.

They are destroying by the only practical means so far discovered the nests of the forest worms, which last year invaded the state in myriads, stripping the forest and fruit bearing trees of their foliage and almost totally ruining the apple crop in many sections.

How to preserve the trees from the ravages of these prolific and ravenous pests has been the study of foresters and horticulturists of high and low degree, scientific and unscientific, and the conclusion reached by all is that the only way is to destroy them by fire as soon as they appear. None of the solutions or drenchings that ordinarily serve to protect trees from predatory insects that attack them avails against the forest worm.

Last fall the caterpillars, into which the forest worms were transposed, went to the trees, and at the very ends of the twigs they laid bands of eggs completely encircling them. The band looks for all the world like a ring of shoemaker's wax. These bands are full of tiny holes, each of which contains an egg, and from these eggs the robber forest worms are now hatching millions on millions and starting out instantly to devour all the leaves and fruit they can reach.

In many places in the state boards of education and village officers have offered rewards to the school children and prizes for the greatest number of worm rings destroyed by each. In the village of Herkimer recently in two days the high school pupils destroyed more than 2,000,000 forest worms.

It is surprising how our want ads find lost articles.

OFFICERS ELECTED FOR ENSUING YEAR

GREEN BAY SELECTED AS THE NEXT MEETING PLACE.

Third Annual Session of the Wisconsin Commercial Travelers Closed This Afternoon With an Excursion on the River—Meeting Has Proved a Most Successful One in Every Respect.

This morning the following officers were elected for the ensuing year, to preside over the Wisconsin United Commercial Travelers association:

Grand Counselor—F. W. SISSON, La Crosse.
Grand Junior Counselor—M. J. HEMMENS, Green Bay.
Grand Past Counselor—C. B. EVANS, Janesville.
Grand Treasurer—A. A. STELTING, Madison
Grand Secretary—G. G. LANG, La Crosse.
Grand Conductor—C. G. CROCKER, Eau Claire.
Grand Page—EDGAR OLDS, Appleton.
Grand Sentinel—F. VANDEWATER, Janesville.
Grand Executive Counsel—
A. F. SPOONER, Janes-ville; C. H. STUCK, Eau Claire;
C. H. DEAN, Eau Claire; JOHN DENGLER, La Crosse.

Green Bay was unanimously selected as the next meeting place for the convention to be held in 1901.

At 9 o'clock this morning in East Side Odd Fellows hall the adjourned session was called to order, and immediately the assembled delegates were deeply involved in business of interest only to the order.

The election of officers followed, and at 11 o'clock the session adjourned.

At 9:30 o'clock the ladies in attendance enjoyed a carriage drive about the city to all points of interest. Ten hacks were utilized, and each was decorated with flags. The city was shown the ladies, and all were unanimous in their praise of Janesville's beauty. More ideal weather could not have been wished for.

What proved to be one of the most amusing events on the entire program was the parade which formed at the East Side Odd Fellows hall at 1 o'clock.

The parade formed at the hall on North Main street and marched south on Main street to Milwaukee street; east on Milwaukee street to North Bluff; south on North Bluff to Court; west on Court to Main; north on Main to Milwaukee; west on Milwaukee to Academy; north on Academy to Wall; east on Wall to High; south on High to Milwaukee; east on Milwaukee to Main; north on Main to boat landing.

The psrade consisted of the following order:

Marshal of the Day.
Geo. S. Brink and his lieutenants, J. H. Nicholson, W. J. Knights, and D. N. Hatfield.
Y. M. C. A. Band.
Officers of the Grand Council of Wisconsin in Carriages.
Banner Bearers.
"The Long and Short of It."
Janesville Council No. 108.
"Yankee Peddler of '48."
Visiting Council.
Bus load of Drummers.

At 3 o'clock the ninety delegates and friends boarded Captain Buchholz steamers and a number of private launches and enjoyed a ride up the river. The excursion proved a most delightful one long to be remembered.

This evening many of the visitors will take their departure for home. The two day session has proved all that could be desired. The weather has been perfect and nothing interfered with the carrying out of the program as planned

The citizens of Janesville entered into the spirit and did all in their power to assist the local lodge in carrying out the program.

Knights of the grip have good reason to long remember the third annual session of the grand council of Wisconsin United Commercial Travelers.

The Ball and Banquet.

At East Side Odd Fellows hall last evening a complimentary reception, ball and banquet was given to the visitors and a few local friends by members of Janesville Council U. C. T. Nothing that would add to the pleasure of all concerned was neglected and from start till it was time to go home a good time prevailed. The hall looked very pretty with its decorations of lavender and white. Potted plants, palms, Easter lilies and cut flowers added beauty to the scene. About two hundred people were present. Prof. Smith's orchestra furnished excellent music.

Mayor V. P. Richardson was introduced by Grand Counselor C. B. Evans at 8:30 o'clock and to the assembled people he delivered an address of welcome F. F. Nicholson delivered the response on behalf of the council. Dancing followed. At small tables in the dining hall refreshments were faultlessly served by Caterer George Shurtleff.

MANY SPORTS HEARD RETURNS

Fully Three Hundred Men Remained Up Till the Midnight Hour

Three hundred local sports remained until midnight last night about the Western Union telegraph office, receiving by wire the returns of the Jeffries-Corbett prize fight which took place last evening at Coney Island. Each round was received, and as soon as read was heartily cheered by the respective backers of the two fighters. Considerable money changed hands in this city, the backers of Jeffries being more numerous.

GOLF DIRECTORS MET LAST EVENING

MANY APPLICATIONS RECEIVED FOR MEMBERSHIP.

Sinnissippi Club is Growing These Days—About $800 is Derived Each Year and All of This Sum is Utilized For Expenses—Expert Golfer Has Been Engaged for Next Month.

Directors of the Sinnissippi Golf club met in special session last evening and transacted general business. Following are the directors: John G. Rexford, W. G. Wheeler, Al. Schaller, J. P. Baker, Frank Fifield, W. A. Jackson, H. H. McKinney and C. C. MacLean.

The session last evening was purely a business one. Several applications for membership have been received of late and present indications are that the club will receive many new members this season. Considerable money has been expended by the club this year about the grounds.

The links were never in better condition than now. Two men and a team are kept busy six days in the week caring for the grounds. Each day after 1 o'clock a bus meets the street car every hour. It is estimated that about $300 has been expended this year in improvements. About $800 a year is desired by the club. This is from all sources.

Next month the club have engaged Robert Foules the golf expert, who now makes Wheaton, Illinois, his home. Mr Foules comes as instructor, and is brought here at much expense.

The scores for the Richardson medal must be turned in before June 1.

There is talk that a telephone will soon be placed in the club house. Also that a tennis court will be added.

SEVERAL FROM HERE WILL TAKE PART

In Two Important Meetings to be Held at Delavan—Those Who Will Take Part.

The closing session of the nineteenth century of the Woman's Foreign Missionary Society of Janesville District will be held in the Methodist Episcopal church of Delavan, Wednesday and Thursday May 16 and 17.

Among those on the program from Janesville are: Solo, Mrs. Woodside; "Our Literature," Mrs. Blodgett; "Mexico," Mertie Pantall; "Wasted Energies," Mrs. C. A. Hunt; report of branch meeting, Mrs. K. Stevens.

At Delavan on Tuesday next the 59th annual meeting of the Beloit District convention meets with the Congregational church, the sessions extending through Tuesday and Wednesday. The meetings are all open to everyone and will doubtless be found of deep interest by all. The convention promises to be largely attended by outside delegates and the program is an exceedingly good one. A. E. Matheson and Rev. R. C. Denison of this city will take part in the program.

TWO DRUNKS BEFORE COURT

One Was Patsy Griffin and the Other Was Stephen Caniff.

Patsy Griffin and Stephen Caniff were before the municipal court this morning on the charge of being drunk and disorderly. Griffin's case was adjourned and Caniff was fined $2 and costs or seven days in jail.

RAILROAD CASES FOR TRIAL MONDAY

MANY LOCAL WITNESSES HAVE BEEN SUMMONED.

Prominent Officials of the Chicago, Milwaukee & St. Paul Railroad are Expected in the City—Case Will Be Stubbornly Fought by the Interested Attorneys.

Before the circuit court of Rock county for trial next Monday morning are scheduled the following important cases:

Ida H. Scott vs. C. & St. P. Ry. Co. and C. & N. W. Ry. Co. October, 23, 1899.

James W. Scott vs. C. M. & St. P. Ry. Co. and C. & N. W. Ry. Co. October 13, 1899.

Caroline A. Downing vs. C. M. & St. P. Ry. Co. and C. & N. W. Ry. Co. October 23, 1899.

The plaintiffs are represented by Fethers, Jeffris & Mouat while the railroad companies have engaged the services of the local firm of Jackson & Jackson and the Milwaukee firm of Fish, Cary, Upham & Black.

The plaintiffs are residents of this city and sue for alleged injuries received in a railroad wreck north of this city between Janesville and Milton Junction and at a point where the two railroads cross each other. The wreck was the result of a collision. Several witnesses have been summoned and the cases promise to be stubbornly fought.

DELAY GRANTED TO TURKEY

Porte's Envoy Said to Have Promised Settlement of Indemnity Claims

Constantinople, May 12—The matter of the settlement of the indemnity claims is temporarily delayed. Well informed circles say that the Turkish minister in Washington, Ali Ferrough Bey has given assurance of the settlement of the claims, but asks for a short delay, which is granted.

Ahmend Pasha has left Constantinople. He is going to the United States with proposals, the object of which is the settlement of the claims in an indirect manner. In the event of the failure of Ahmed's proposals, the United States government will resume negotiations with the Porte.

The impression here is that Ahmend will not succeed.

BELOIT 8; NORTHWESTERN, 0

Morey, a New Pitcher, Does Well Against Evanston Collegians

Beloit, Wis., May 12—With Morey, a new pitcher, Beloit yesterday afternoon defeated Northwestern university team by a score of 8 to 0. Episcopacy Committee Recommends Retiring None.

DEBATE ON WOMAN QUESTION.

Report Reached After Long Executive Session—J. H. Potts Brings Charges—Memorial on Early Rising—Hard on Preachers to Get Up at 4 A. M.

Chicago May 12.—The report of the commission on Organic Law of the Church was discussed at Friday's session of the Methodists' quadrennial conference, Bishop Vincent presiding. The report of the Episcopacy Committeee on effectiveness of the present Board of Bishops was interesting.

After a two hours' debate in executive session the Committeee on Episcopacy decided to recommend to the General Conference that none of the present Board of Bishops be retired. When the report is made the conference will be asked to extend the time of election until Tuesday. The large audience that gathered in the First Church to hear the discussion on the episcopacy question heard just enough before leaving to whet their curiosity as to what took place behind the closed doors. Those who favored the retirement of certain bishops were given the opportunity to express themselves. Previous to the closing of the doors these three charges were brought:

"One bishop has not been able to conduct an annual conference without assistance.

"Another has been known to fall asleep in public places and otherwise forget himself.

"A third is so enfeebled as to conduct a conference like a kindergarten, to the shame and disgrace of the church."

It was the citing of these three charges in public that led the committee to go into executive session. James H. Potts, editor of the Independent Advocate, was the man who made them. In the executive session, it is understood, those whose retirement was discussed were Bishops Hurst, Merrill, Andrews, Ninde, Walden and Vincent. As to Bishop Hurst, the question was whether he should be retired that he might devote all his time to the American university.

The committee on episcopacy met at 3 o'clock. The memorial charging Bishop Walden with unjust practice in office was heard, and the bishop was cited to appear before the committee at a future meeting to meet his accusers. Next in order were the reports of the sub-committees on efficiency of bishops, number of bishops to be elected and missionary bishops.

Dr. Robert Forbes, chairman of the sub-committee on efficiency of bishops, made the first report. It was briefly as follows:

"Resolved, That we recommend no change in the relations of the bishops at this general conference."

With the explanation that after considering the case of each bishop after asking for recommendations from the board of bishops the committee reached a unanimous conclusion, Dr. Forbes took his seat. The report lessened the chances of a dozen men who have been looking toward the bishopric, and Dr. Forbes himself is among the number. With magnanimity he made the announcement and supported the recommendation later.

Dr. Buckley, chairman of the committee, called for remarks on the report, and Albert J. Wallace rose.

"I as amazed," he said, "at the report and at its reception. I am inclined to believe this important matter has not been given sufficient consideration. I had hoped there would be an investigation."

It was then that Dr. Potts made his threee charges against the bishops in the form of a question, asking the subcommittee if they had heard of these things.

The Ministerial association of the Saginaw district brought up an interesting question in a memorial asking that the part of the discipline referring to the early rising of ministers be elminated as at present obsolete. The discipline advises ministers as follows:

As often as possible rise at 4 o'clock. From 4 to 5 in the morning and from 5 to 6 in the evening to meditate, pray, and read the scriptures with notes, and the closely practical parts of what Mr. Wesley has published. From 6 in the morning to 12, wherever it is practicable, let the time be spent in appropriate reading, study, and private devotions.

Banker Fuller Goes to Wall.

Detroit, Mich., May 12.—A $40,000 blanket mortgage transferring all his property to the Michigan Trust company has been filed here by Frank L. Fuller, who owns private banks at Cedar Springs and Rockford. His bank at Cedar Springs he conducted himself, leaving the Rockford bank to a manager. The failure falls heavily upon hundreds of farmers. Manager A. W. Peck, in charge of Fuller's Rockford bank, has disappeared. He left town Wednesday night, and is thought to be in Chicago.

Wed in Violation of Law.

Marinette, Wis., May 12.—Last Tuesday evening Miss Edna Gilmet was married to Clarence W. Marks by Rev. Father Caron, pastor of the French Catholic church. The marriage ceremony was performed three days after the license was issued. This is clearly a violation of the law and according to Prosecuting Attorney Quinlan they will have to be married again to make the ceremony a legal one.

Hilton British Champion.

London, May 12.—H. H. Hilton of the Royal Liverpool Golf Club, is the amateur golf champion of the year, having defeated Robb by 9 and 7 today in the final round of the amateur golf championship tournament, which began at Sandwich Tuesday. Hilton has three times and Robb has once previously contested in a final tie without success. The conditions today were excellent. Hilton finished the first round of eighteen holes with three up. His score was seventy-nine, while the total of Robb, who represented the St. Andrews' club, was eighty-three.

Wrestler Dane Is Foiled.

Chicago, May 12.—Bech-Olsen is no longer the champion of the world. He must divide his honors with John Rooney, the Chicago gripman. After more than an hour of work at Tattersall's the big Dane asked for a draw and the request was granted. His face was black from the terrible choking he had been subjected to and the yelling crowd around the arena saw only a victory for the gripman had the bout proceeded longer.

Elevator Ruined by Fire.

Ottawa, Ill., May 12.—Fire early this morning ruined the grain elevator of Dunaway, Ruckrigel & Co., located near the Rock Island station in this city. The fire started in the roof of the building and was under full headway before it was discovered. The building was the largest elevator in the city, and was valued at $7,500. It had but a small amount of grain in it at the time.

Fire in the Concordia Flats.

Chicago, May 12.—Sixteen families were driven from their homes last night by a fire that did $15,000 damage in the Concordia flats, 3857 Cottage Grove avenue. W. W. Fox, a consumptive, was carried from his bed to the street by firemen of engine company No. 19 after the building had been well filled with smoke.

Ruskin Left Little Money.

London, May 12.—The publication of the will of the late John Ruskin shows that his personal estate was only £10,000, all that was left of his father's bequest of £200,0000. In a codicil Ruskin revoked the bequest of his art treasures to the Bedlonian library of Oxford, and the treasure will remain at Brantwood.

ARRESTED FOR A SWINDLE.

G. R. McClintock, from New York, in Trouble in Hamburg.

Hamburg, May 11.—Garrison Roselle McClintock, 25 years of age, hailing from New York, but whose parents are supposed to reside in San Francisco, is awaiting trial here for running heavily into debt under false pretenses. McClintock was said to have been in the habit of giving expensive dinners at hotels. In order to defray the expenses of these entertainments, he bought jewelry on credit and tendered the articles thus obtained in payment to the hotelkeepers. He even took a valuable pin from one of his acquaintances, it is said, and used it in this manner.

According to his own statement, he is dissipated and gambles and has lost everything he possessed. The police, however, believe that he is a professional swindler.

BACK FROM THE PHILIPPINES.

Battalion of Fourteenth Infantry Is Welcomed at Detroit.

Detroit, May 12.—A battalion composed of 220 members of the Fourteenth United States Infantry arrived in Detroit to-day after a long, weary journey from the Philippine Islands, where they had been in active service. Although it was raining steadily, the veterans were warmly welcomed by Mayor Maybury and other citizens. Then, escorted by local volunteers who had seen service in the Spanish war, the battalion marched to Light Guard armory, where refreshments were served and speeches of welcome delivered. The battalion then proceeded to Fort Wayne, which has been assigned as its station.

BRITISH NEAR MAFEKING

Relief Column Passes Vryburg with 3,000 Men.

THE MARCH AND PURSUIT.

Lord Roberts Continues His Advance North from the Zand River—Boer Retreat Is Stubborn—Roberts' Cavalry Near Kroonstad.

London, May 12.—The Lourenzo Marquez correspondent of the Daily Mail, in a dispatch dated Friday, May 11, says:

"The Boer papers report severe fighting on the western border. The facts are much confused, probably by design, to conceal the truth from the burghers, but there is enough to show that the Boers admit a British occupation of Taungs.

"A special dispatch from Christiana (Transvaal), published on Wednesday by the Standard and Diggers' News, says:

"'Six hundred British cavalry crossed the Vaal on Friday at Kalmborg, about eighteen miles below Fourteen Streams, and went to Taungs, followed by commandos. A second detachment of the British crossed at the same place on Saturday. The Griqualanders, under Gen. Aswogon, after being reinforced, repulsed the British and forced them back in the direction of Taungs.

"'Gen. Aswogon was killed. The other Boer casualties were seven wounded. The British loss was heavy. Everything was brought away from the laagers except a few tents left to attract the enemies' shells. Taungs is occupied by about 3,000 British.'

"A special telegram from Pretoria, dated Monday, in the same paper records the British seizure on Fourteen Streams Sunday afternoon. It says:

"'The British force at Witzrand was overwhelming. Subsequently the enemy moved their line toward our positions, bombarding them with such effect that the burghers were compelled to retreat, which they did in regular order. Today a forward movement of the British was checked by our forces, who drove them back in two places.'

"A telegram from Pretoria, dated Tuesday, in the Standard and Diggers' News, says:

"'The British in their passage along the Stella Land border toward Mafeking were engaged by Commandant Bissell, near the Taungs, with great success. Hundreds of British troopers met a watery grave while attempting to cross the Vaal.

"'A second advance was made upon Taungs Sunday morning by 1,500 British troops and six guns. Communication with Taungs was cut Sunday afternoon.'"

A British column 3,000 strong has arrived at Vryburg, 100 miles from Mafeking. It reached there Thursday, and, though harassed by the Boers, is pushing swiftly forward. Fifty miles south of Vryburg, at Taungs is Gen. Hunter's main body, moving slowly and contending with considerable forces.

Lord Roberts' narrative closes with Thursday evening, but he continued his march yesterday toward Kroonstad, twenty miles distant, and by this time he must know whether the Boers intend to fight there.

Winston Churchill says there were only 2,000 Boers who opposed the British at Zand river. Another estimate is that 6,000 Boers with six guns, made a rear-guard action, while many other thousands, with convoys, retired without firing a shot.

ARE NEARLY TO KROONSTAD.

Roberts' Cavalry Only Twenty-Two Miles from That City.

London, May 12.—Lord Roberts telegraphs to the war office from Riet Spruit under date of May 10, evening, as follows: "We have had a successful day and have driven the enemy from point to point. French, with Porter's and Dickson's brigades of cavalry and Hutton's mounted infantry, crossed the Zand at Vermenten's Kraal and then worked round in a northeasterly direction to Maatschaphy, being opposed continuously by the enemy. Pole-Carew's division, and Gordon's Cavalry Brigade, augmented by J Battery of the Royal Horse Artillery and by Henry's and Ross' mounted infantry, crossed the river by a drift near the railway bridge. My quarters accompanied this force. With the infantry portion we are eight miles north of the river. The cavalry and mounted infantry are at Ventersburg Road station and Tucker's division is at Deelfonteinnord. Ian Hamilton's force and Broadwood's cavalry brigade were making for the cross roads near Ventersburg when I last heard from them. Hamilton's column met with stubborn resistance and Smith-Dorien's brigade was engaged for some hours in protecting the rear and flank of his force. The only casualties reported at present are: Killed, rank and file, four; wounded, five. No returns yet received from the cavalry nor Hamilton's force."

A special dispatch from Riet Spruit, dated May 10, describing more fully yesterday's successful operation, says: "General Hamilton's scout had on two previous days ascertained the Boers' position and strength. Wednesday night the Cheshire regiment crossed the river, intrenched themselves and prepared to hold the passage for the regiments following them. At daybreak Thursday the main body crossed at two or three points. The mounted infantry were then in action driving off the advance Boers, preparatory to a general forward movement."

THREATEN TO OVERTURN CHINA

Celestials in America Give Dowager Choice of Reform or Revolution.

Helena, Mont., May 12.—President Tim of the Foh Wang Weh society sent to the empress dowager at Pekin, through the British embassy at Shanghai, the following cablegram:

"Unless the heir apparent, Putchun, is superseded, unworthy advisers removed and Emperor Kuang Hsu is restored to power, we will combine interior Chinese and raise an army."

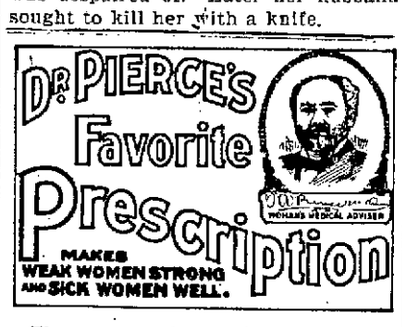

President Tim received the following reply from the embassy:

"Yours yesterday to empress dowager, Pekin, will be stopped here from further transportation. Considered dangerous to security of country."

President Tim asserts that thousands of dollars are being raised by the association to equip an army in China, which will be marched against the empress. He declares the revolution will be commenced this summer and that it is already partly organized.

Says Death Was In a Kiss.

Moline, Ill., May 12.—To be murdered by a kiss is the manner in which Albertina Kleinsmith claims that her husband Michael attempted to slay her. In the divorce proceedings at Clinton Mrs. Kleinsmith stated that her husband had once offered to kiss and make up, and she, being delighted at the proposal, acquiesced only to find that her husband had covered her lips with poison and inoculated her. She says that shortly after the kiss she became violently ill and her life was despaired of. Later her husband sought to kill her with a knife.

The success of Dr. Pierce's Favorite Prescription in the cure of diseases peculiar to women, is beyond comparison greater than that of any other medicine prepared especially for woman's use. It is not a cure-all but a scientific preparation, the prescription of an eminent living physician, still in active practice and who, assisted by his staff of nearly a score of trained physicians, treats and cures thousands of women every year. "Favorite Prescription" has an invigorating and vitalizing power peculiar to itself and a phenomenal control of diseases which attack the delicate organs of woman. It permanently cures backache, bearing-down pains, ulceration, inflammation and like ills by curing their cause. It dries up the drains, puts out the fever fire of inflammation and cures the corroding ulcer. It makes marriage a happiness and motherhood a blessing, by giving to women such an abundant vitality that the baby blossoms into life as sweetly, simply and naturally as a flower. Sick women are invited to consult Dr. Pierce by letter free of charge. All correspondence strictly confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.

It contains no opium, cocaine or other narcotic, and no alcohol or whisky.

WINE OF CARDUI

A LITTLE DOES MUCH.

BOONE, IOWA, Dec. 14.
No tongue can tell what I have endured in the past ten years with my monthly sickness. While suffering untold agony, a friend called and recommended Wine of Cardui. I sent for a bottle, and Oh! what relief. After the first dose I began to feel better and have had no pain since.
MRS. GRACE LAMPHERE.

McELREE'S Wine of Cardui

Wine of Cardui not only cures but it acts AT ONCE. Here is a case of ten years' standing, and yet one single dose made the sufferer feel better, and stopped the pain. The Wine goes straight to the seat of the trouble. It acts directly upon the menstrual and genital organs. Its action is not violent, and it does not force a result. It simply gives Nature that little assistance that the sufferer's system lacks. A single disorder in the feminine organs spreads many disorders all over the body, and when the Wine cures the source, all the other ills vanish as a matter of course. A woman can be her own physician and cure herself at home. Local examinations are largely things of the past—the obnoxious custom is no longer necessary. Wine of Cardui is the only perfectly safe and sure vegetable Wine made to-day for the cure of "female troubles".
